“My study year at EBS has honed my overall personality: I have benefited a lot from alumni sponsored self-development trainings, individual coaching and the mentoring programme led by the Career Service Centre. During my studies, I got an opportunity to learn and network with some of the brightest minds in industry whose exchange of ideas with students and professors at well-organized campus events helped me to establish links with an array of companies from different sectors. Overall, it was a great journey that I can cherish for years to come and I will actively continue to support to the university in every way possible.”

Gyanaranjan Srichandan Raybhusan Pattanaik (India)
Current Position: Product Technical Leader
Current Company: Valeo Germany
