EBS Universität
MAKING A BRIGHT FUTURE EVEN BRIGHTER: 10 REASONS TO DO A MASTER’S DEGREE.

INTERNATIONALITY
“A dual degree option, lectures in English, a semester abroad and a diverse mix of professors and students from all over the world – it’s a truly international programme.”
Kanika Vohra, Master’s student, 2016 intake

CAREER OPPORTUNITIES
“Studying at EBS not only provides you with in-depth specialist knowledge but also develops the personal and social skills that are the USP of EBS graduates entering the job market and the foundation for further career advancement opportunities in the business world.”
Anna Trunk, EBS alumna
Technical Development Strategy, Audi AG

THE EBS SPIRIT
“A sense of community characterized by an atmosphere of engagement and entrepreneurship that lasts for generations.”
Till-Tassilo Eesmann, Master’s student, 2016 Intake

PERSONAL DEVELOPMENT
“With mentorship, students gain new perspectives, identify alternatives and see the bigger picture. I enjoy helping them grow.”
Dr Jan Daniel, Head of Product Management Automotive Rail, DB Schenker Rail Automotive GmbH

ALUMNI NETWORK
“EBS paved the way for my career. And I’ve stayed in contact with our global alumni network for decades.”
Christoph Stadeler, EBS alumnus
Head of Automotive Strategy, Facebook, Inc.
STRONG CORPORATE NETWORK
“EBS provides me with many opportunities to forge contacts with renowned companies, whether in the form of company presentations on the campus or personal interviews. The university’s extensive network offers the best prospects for landing my dream job.”

Victoria Göttlicher, Master’s student, 2017 intake

PRACTICAL RELEVANCE
“EBS provides more than just academic-excellence workshops; training programmes and the course content lead to professional success.”

Kim Mosel, alumna, Analyst in Business Operations & Human Capital, Deloitte Luxembourg

IDEAL LEARNING ENVIRONMENT
“Through active learning, you’ll develop skills and come to see the big picture. Give us twelve months and we’ll give you a life-long legacy.”

Prof. Rasa Karapandza PhD, Chair of Finance, Academic Director of MSc in Finance

STUDENT SERVICES
“The university supports each and every student in launching and planning their careers. The range of options really is great.”

Pascal Engelmann, Master’s student, 2015 intake

INTENSIVE TEACHING METHODS
“With highly motivated students in small seminar groups, we’re able to maintain high standards and use cutting-edge teaching methods.”

Prof. Markus Kreutzer, Professor of Strategic and International Management, Vice-Dean of Research
EBS MASTER’S PROGRAMME – A GOOD START TO A GREAT CAREER.

Congratulations! With a Bachelor’s degree, you have taken the first step towards a promising career. And now is the perfect opportunity to further develop your management and leadership skills. With a Master of Science (MSc) degree at EBS, you will benefit from a well-balanced mix of theory, practice and international experience from an outstanding faculty. Putting yourself in prime position for a successful career in international management.
A BIG STEP TOWARDS A SUCCESSFUL CAREER.

You can earn a Master of Science degree by completing any of EBS’s full-time Master’s programmes. The preparation semester is begun the semester before starting the Master of Science. Compulsory core modules form the basis of the programme and electives allow you to tailor the course to match your interests and gain more in-depth knowledge of your chosen field.

A PROGRAMME CREATED TO GET RESULTS IN THE REAL WORLD.

CORE MODULES: All Master’s students study the same core modules:

- Research Methods
- Personal Mastery
- Studium Fundamentale

These modules prepare you for empirical research and build leadership skills. Furthermore, they give you an understanding of how to handle ethical issues in the workplace and embrace social responsibility.

ELECTIVES: For two semesters at EBS, you can choose from a range of elective modules. Some students choose a specific set of courses in order to specialize in Finance, Real Estate or Automotive Management. Other students opt for the Master in Management programme and create their own combination of specialist areas.

INTERNSHIPS: In order for you to get real working experience and the best shot at entry-level positions, an internship with a duration of a minimum of six weeks is integrated into the programme. This can be planned to suit your individual career goals.

SEMESTER ABROAD AND DUAL DEGREE OPTION: Getting international experience is essential for a business leader. That’s why it’s compulsory to either spend a semester abroad at a partner institution or continue your stay in Germany (for students whose degree was obtained in a non-German-speaking country). You can also spend an extra semester abroad and combine your EBS Master’s qualification with an MBA or a specialist Master’s degree from your host university.

MASTER’S THESIS: After completing the second or third semester, you will write a Master’s thesis. This can be done either independently or together with a company to create a body of empirical research. The thesis is the culmination of the programme and a testament to the knowledge and experience you have gained during your studies. It contains both a written and an oral component.

SPECIAL PREPARATION SEMESTER
For students with a non-business degree
At EBS, you can even earn an internationally recognized Master of Science without holding a degree in business studies. For students who have a non-business Bachelor’s degree, e.g. in computer science, political science, law or engineering, we are proud to offer a preparation semester with the required business knowledge for the EBS Master’s programme. The preparation semester is begun the semester before starting the Master of Science. You can start your preparation semester in fall or spring and the subjects covered include: accounting & controlling, finance, marketing, management & leadership, statistics & econometrics and mathematical economics.

SEMESTER ABROAD
To gain international experience
Top business leaders need to be comfortable in a global environment. And top universities make sure students get it. At EBS, a semester abroad is a fundamental part of all full-time programmes. After completing your first semester, you will choose the partner university where you would like to spend your semester abroad. Currently, our network includes around 230 renowned universities worldwide. You can pick your exchange semester to complement your general studies or to deepen your knowledge in an area of specialization.

GERMAN TRACK
For students who have already studied abroad
Instead of spending a semester abroad, students with a degree from a non-German-speaking country can spend a further semester at EBS in Germany, giving them the opportunity to learn more about the country and the culture. Over three semesters at EBS, you will be able to improve your German language and intercultural skills enormously. And greatly improve your job perspectives in a German multinational organization after your graduation.

GET A DUAL DEGREE
In an extra semester abroad
At EBS, it is also possible to earn an international degree, such as an MBA or a specialized Master’s degree, in addition to your EBS qualification by partaking in an extra semester abroad. It is a great opportunity to get more expertise in a wider international context and open up a broader range of career opportunities on the global job market.
PROGRAMME CONTENT
The Master in Management includes top-quality lectures from experts in their field, a strong practical component, international experience, an internship and visits from corporate partners. The teaching staff comes from a variety of multidisciplinary, specialist and international backgrounds. And there is a strong emphasis on case studies and real-life projects in addition to the traditional lectures so that the programme reflects contemporary management practices. Close interaction with industry leaders and practitioners is also fostered in order to equip students with the skills, competencies and mindset required in today’s global economy.

MAJOR
The Master in Management really helps students stand out from the crowd. The programme provides them with the opportunity of selecting a combination of modules that leads to graduation with a major in Strategy & Consulting, Entrepreneurship or Marketing, making the students experts in their chosen management sector field.

VALUE PROPOSITION
The programme will equip you with in-depth knowledge and skills in key areas of business. There are a wide range of attractive electives to help you further develop your competencies and skills. And a compulsory internship offers career development opportunities, giving you the chance to put the theory you learned into practice in the real world. In today’s global marketplace, companies across all industry sectors urgently need highly qualified generalists with practical knowledge and international experience. Graduates from the Master in Management programme will find they have a big advantage when starting their careers.

CONNECTIONS TO THE CORPORATE WORLD
EBS has numerous corporate partners from a broad spectrum of industries. Managers and experts from these companies contribute to the Master’s programme in the form of guest lectures, field trips, seminar topics, panel discussions and the joint supervision of Master’s theses. Our lecturers work closely with industry partners to provide you with inspiring talks and skills development workshops. There are also opportunities to undertake a real-life consulting project with a client organization as a part of the field study courses.

CAREER PROSPECTS
As a graduate from the Master in Management programme, you will be able to choose from a host of different career options spanning continents and a variety of disciplines. You will be equipped with the skills to take on positions in consulting, management, corporate development management or even set up your own business. Our graduates are often sought after by major leading consulting firms, banks and German and multinational corporations.
MASTER IN MANAGEMENT – THE LEADERS OF TOMORROW.

Broaden your horizons with a choice of more than 35 elective modules.

Elective modules are:

ACCREDITATION:
PROGRAMME CONTENT
The Master in Finance programme includes a total of eight core modules and four elective modules. The core modules provide you with a solid foundation in modern finance, financial analysis, research methods and ethics as well as helping you develop strong Excel-based modelling skills. And with ten excellent elective modules to choose from, you can gain deeper insight into the areas that interest you the most. There are also great opportunities for personal development, including the annual CFA® Global Investment Research Challenge.

VALUE PROPOSITION
A Master in Finance will equip you with the relevant knowledge and skills to excel in today’s finance world. Successful applicants can build on their prior knowledge and acquire advanced skills in core areas like corporate finance, investments and accounting. And a wide selection of elective modules give you the opportunity to acquire specialist knowledge in the areas that best suit your career objectives – putting you in the best position to start a promising career in the financial world.

CONNECTIONS TO THE CORPORATE WORLD
Our campus is located in the Rhine-Main area, one of the most vibrant financial centres in Europe and home to the European Central Bank (ECB). Many potential employers are headquartered in the immediate vicinity. These include leading German banks like Deutsche Bank, main European branch offices of international investment banks like J.P. Morgan and Morgan Stanley as well as international consultancy companies like McKinsey & Company and BCG. We maintain strong links with most of the major players in the finance sector and also partner with a large number of international corporations. Many of our graduates work in investment banking, wealth management, risk management, venture capital & private equity, private banking and in the finance departments of multinational companies.

CAREER PROSPECTS
Financial markets continue to play a central role in the global economy. While financial-sector institutions may be transitioning into new business models, there is still a growing demand for well-trained financial analysts, portfolio managers and risk managers. Chief financial officers play an ever-greater role in company management, which translates to excellent career prospects for corporate finance experts in non-financial firms, investment banking and consultancy.
PROGRAMME CONTENT

The Master of Science in Real Estate covers all relevant topics in the industry. It is made up of twelve compulsory modules, international experience, an internship and a Master’s thesis. Throughout all courses, innovation and entrepreneurship are encouraged – as is the practical application of theory and new ideas in assignments and real-life projects. Further highlights include exploring complex investment and financing structures, valuing properties with physical site visits, cash flow modelling, and the integration of ARGUS software. There are also more than ten guest speeches per year from CEOs on important topics relating to real estate.

VALUE PROPOSITION

EBS is committed to excellence, entrepreneurship and an international approach. And in this programme, students are given not only a first-rate education in real estate but also in the related fields of law, tax and economics. Classes are small and taught by internationally ranked professors who welcome close collaboration and discussions. It is a programme built to give students the best education and future job opportunities possible. The programme is accredited by FIBAA and the Royal Institution of Chartered Surveyors (RICS).

CONNECTION TO THE CORPORATE WORLD

The EBS Master of Science in Real Estate programme is strongly linked to the corporate world with a range of national and international partners from various sectors of the real estate industry. With his team at the Real Estate Management Institute (REMI), the academic director of the programme maintains those partnerships and incorporates interesting key players and topics in the programme from companies such as Aareal Bank AG, alstria First German REIT, Corestate Capital AG, Deutsche Asset and Wealth Management, Real I.S. and ECE Projektmanagement. Managers and professionals also frequently contribute to the Master’s courses with guest lectures, field trips, panel discussions and the joint supervision of Master’s theses. The programme also draws on the support of IMMOEBS – the largest real estate alumni network in German-speaking countries with approximately 2,500 members.

CAREER PROSPECTS

Equipped with expert knowledge in the field of real estate, a vast spectrum of career opportunities is open to graduates. These include, but are not limited to real estate investment, financial analysis, appraisal, fund management, property management, investment banking, private equity, and real estate development. Career coaching in one-to-one talks and academic guidance from industry professionals are part and parcel of this programme. And over the past few years, EBS has developed an excellent placement record for the real estate profession with competitive starting salaries.
MASTER IN REAL ESTATE – START BUILDING A SUCCESSFUL CAREER.

Become hot property in the real estate sector while learning all about financing, valuation, risk management, development and investment.

ACCREDITATION & PARTNERS:

[Logos of various partners]
PROGRAMME CONTENT
The Master in Automotive Management is designed in collaboration with partners from the automotive industry. It contains compulsory core modules, tailored to the automotive sector, international experience, an internship and the Master’s thesis. Furthermore, the courses offered cover a wide range of focus areas important for future challenges to the industry.

VALUE PROPOSITION
The EBS Master of Science degree in Automotive Management is the first of its kind in the German and European education sector. Since the first class graduated in 2012 alumni are pursuing careers with OEMs, suppliers, consulting firms, financial institutions and in numerous other industry sectors.

CONNECTION TO THE CORPORATE WORLD
The Master in Automotive Management is a programme that carefully balances theory and practice. It is underpinned by regular interaction with German automobile manufacturers, suppliers, mobility associations and policymakers. Programme content is constantly reviewed and evaluated with various stakeholders from the automotive industry to ensure it is up to date, relevant and close to practice. Field trips, case studies, extracurricular events such as workshops with experts and guest lectures, and an internship all give you the opportunity to make direct contact with our corporate partners.

CAREER PROSPECTS
As a graduate, you will be equipped with a sound understanding of issues central to the automotive sector, the tools to tackle current and future challenges and the managerial skill set to excel in an international arena. Major global suppliers, such as the numerous “hidden champions” in Germany and abroad, are seeking young professionals with a profound understanding of the industry. Additionally, the automotive sector is being revolutionized by several start-ups, requiring customer-driven experts, who can develop strategies to address future mobility challenges. EBS graduates usually join management trainee programmes or take on middle-management roles in finance, sales, marketing or brand management.
Every year, a special recruiting event takes place on campus, giving students an exclusive chance to land positions at respected companies – and companies a chance to recruit tomorrow’s business leaders from among EBS graduates.

The career services centre helps you get your foot in the door.

THE CAREER SERVICES CENTRE IS THERE TO SUPPORT STUDENTS IN A VARIETY OF WAYS:

- Staging a jobs fair, the EBS Careers Forum “campus meets company”
- Creating networking opportunities for students and companies with corporate showcases
- Training and webinars in the areas of networking, self-presentation, applying and personality development
- Development of a personal career strategy and specific optimisation of your curriculum vitae and letter of application
- Organizing recruitment on campus for students close to graduation – first-round interviews are held on campus to save time
- Providing access to an e-career market for internships, job offers, Bachelor’s and Master’s theses and much more; students and alumni can check online vacancies and apply directly through the portal
FIND THE PATH THAT’S RIGHT FOR YOU
WITH THE EBS COACHING PROGRAMME.

The EBS coaching programme is the only one of its kind in Germany. It was created to support your personal development and broaden your awareness of the working world. All of your mentors will be certified systemic coaches and either successful managers or self-employed. You will benefit from the wide range of backgrounds they come from, including investment banking, consulting, acting and opera-singing. In one-on-one consultations, you and the coaches will define your career path, make informed decisions, set personal goals and create a tailored road map to success.

HERE ARE JUST SOME OF THE ADVANTAGES OF PARTICIPATING:

- Assessment of strengths and weaknesses
- Exploring new perspectives and courses of action
- Improved self-organization
- Learning how to cope with stress
- Dealing with exam-related anxiety, mental blocks and motivational problems
- Assessment of the individual’s current position
- Defining goals and developing strategies to achieve them
- Evaluation of potential career options

COACHING

“With extensive knowledge in the areas of business administration and psychology, I am at EBS students’ disposal as a contact. I support them both in their personal development and in nearly all areas of their degree.”

Michael Hartmann, in-house coach
EBS’S CORPORATE PARTNERS – TOP COMPANIES FOR TOP STUDENTS.

A NETWORK OF INTERNATIONAL, HIGHLY RESPECTED COMPANIES.

EBS has more than 200 corporate partners – well-known companies that provide for an ideal combination of theory and practice in the curriculum. Besides being highly involved in the teaching programme, the partners also take part in workshops and events. In this way, we ensure that you are in close contact with representatives from the business world and are able to build your own network from day one.

PARTNERS:

(Selection)

A HIGH STANDARD OF HIGHER EDUCATION – OUR PARTNER UNIVERSITIES.

EBS believes in an international approach. All students can spend at least a semester abroad at one of EBS’s approximately 230 partner universities all over the world. Here, you can improve your language skills and intercultural competence. Plus, it gives you a chance to build your own international network.

PARTNER UNIVERSITIES:

(Selection)
THE EBS ALUMNI NETWORK –
LEARN, BENEFIT AND BE ENCOURAGED BY THE BEST.

EBS was the first private state-accredited business school in Germany. And our global alumni network is a close-knit group of highly successful individuals. It is made up of more than 3,800 members in top positions of organizations in more than 30 countries. Moreover, the Alumni Alliance founded by former EBS students supports the strategic cooperation with the alumni organizations of the globally leading higher-education institutions of business and law.

At events such as the EBS Alumni Insights, regular regional alumni meetings and other get-togethers, former and current students exchange news and views, network and help each other to reach greater heights.

The former graduates take their responsibility to their alma mater seriously and act as mentors to the students.

In addition to the one-on-one contact, regular events for mentors and mentees organized by EBS cultivate an ongoing exchange and a sense of belonging – even across different faculties, e.g. Law and Business Administration.

The coaching offered by the EBS alumni in collaboration with top coaches on topics such as negotiation skills, public speaking or business etiquette is particularly invaluable. And thanks to the alumni’s connections in the business world, they are able to help with assignments and finding internships. Regardless of whether you’re focusing on your education or aiming to expand your personal network, the EBS alumni are a cornerstone of the programme.

EXCLUSIVE OPPORTUNITIES FOR STUDENTS OFFERED BY THE EBS ALUMNI:

- EBS alumni financial aid (generational contract)
- EBS Alumni Fellowship (exclusive mentoring programme)
- EBS alumni training programme (free career-related training)
- EBS alumni networking events
- EBS Alumni Jobs Backstage (exclusive workshops with companies in relevant industries)
- EBS alumni financed scholarships for study abroad
WELCOMING THE BEST AND THE BRIGHTEST – THE ROAD TO EBS.

We set high standards to ensure that our Master’s programmes remain among the best of their kind.

EBS requires Master’s students to have a strong basic knowledge of all core areas of business management as well as good analytical and abstract reasoning skills. You also need to have an above-average willingness to learn and work hard, have good communication skills, be able to work under pressure and be motivated to make a difference.

Visit us on www.ebs.edu/application and start your personal application process. The Master Selection Process is made up of three steps:

1. ADMISSION REQUIREMENT:
   To be considered eligible for admission to our Master’s programmes, you will need to provide proof that you:
   - Hold a Bachelor’s degree or equivalent with a minimum of 180 ECTS credits
   - Are proficient in English (TOEFL, IELTS or equivalent)
   - Have a valid GMAT, GRE or EBSgrad
   - Have completed at least ten weeks of internships during or after your first degree

2. MASTER SELECTION DAY:
   If your application documents meet our admission requirements, we will invite you to take part in the Master Selection Interview, which is held either on campus or via video conference. The interview consists of a 50-minute verbal interview, during which your motivation, social competence and communication skills will be assessed.

3. THE DECISION:
   The Master Selection Day is both demanding and exciting. We know that and ease the burden on our applicants by communicating the results as quickly as possible and, as a rule, promptly. That enables everyone involved to plan dependably at an early stage.
STUDENT LIFE AT EBS – A TIME YOU WILL REMEMBER FOR YEARS TO COME.

STUDYING IN THE CENTRE OF EUROPE

EBS is located in the immediate vicinity of Frankfurt, Germany’s financial metropolis, in the picturesque wine region of the Rheingau. With 320,000 companies and a population of 4.7 million, the Rhine-Main area is Germany’s business hub. Thanks to the international Frankfurt airport, you have access to all major European and German cities – Berlin, Munich, Hamburg, London, Amsterdam, Paris, Madrid and many more. The EBS campus is an ideal location for discovering Germany. You can explore the sights Wiesbaden has to offer such as the magnificent Kurhaus or the Roman-style bath, enjoy the cultural activities in Mainz or the international city life in Frankfurt.

LIFE IN THE RHEINGAU

The picturesque Rheingau stretches along the banks of the River Rhine from Wiesbaden to Lorch. With its small towns and villages, the Rheingau offers rural tranquility combined with excellent infrastructure. And the nearby cities of Mainz and Wiesbaden are just a short trip away.

HOUSING

The Rheingau and Wiesbaden areas offer apartments for all tastes. We will assist you with your visa issues and you can take advantage of the EBS Housing Service to find apartments and flat shares suitable for short-term renting. We are happy to help you to establish contact and negotiate with your future landlord. International students also have the possibility of leasing furnished and fully equipped accommodation.

THE EBS SPIRIT

EBS is known for the close and informal relationship between students, faculty and staff members. The culture on campus is characterized by open and friendly communication, encouraging students to interact with each other and their environment. At EBS, there are more than 20 student-led initiatives that enrich daily university life, giving you the opportunity to develop your creative, organizational and teamwork skills.
The university itself also offers various scholarships and alternative sources of funding. Simply give us a call on +49 611 7102 1774 for more information and a personal consultation.

David Windsor, MA, Business Development Manager
